**AWARDS**

2013 – 2014

**Skidmore, Owings & Merrill Foundation Prize**

The SOM Prize in architecture, design and urban design is a \$50,000 research and travel fellowship that enables one graduate from a US architecture school to conduct in-depth research in the field of architecture through travel and international collaboration. The prize facilitated my research in the synthesis of arts and architecture. I spent more than a year on continuous grand tour visiting more than 60 cities and documenting more than 300 buildings and structures studying ornament and aesthetics in contemporary culture and architecture. The final outcome was a report with building analyses, travel thoughts, ideas, drawings and photographs. [report link](#)

2008 – 2012

**Fulbright Graduate Student Program**

Sponsored by the United States Department of State, since 1946, the Fulbright Program is one of the oldest academic programs in the world that provides funding for international students to pursue graduate studies at an American university covering tuition and living expenses. The winners are selected by the Fulbright commission based on academic merit and research proposal.

2010

**Lyceum Fellowship Competition | 2nd prize**

The design competition held among selected American and Canadian architectural schools since 1985. The winners are chosen on the merit of their design proposal and conceptual grounding. The \$7500 award allowed me to visit the masterpieces of Kevin Roche, Marcel Breuer and Louis Kahn.
